

Table of Contents

S No	Topics	Page No.
	Preface	iv
	Acknowledgments	vi
	Executive Summary	viii-x
	Table of Contents	xii-xiii
	List of Figures	xiv-xv
	List of Tables	xvi-xvii
1	1 Introduction	1-5
	1.1 Overview	1
	1.2 Aim	4
	1.3 Objectives	4
	1.4 Limitations	5
2	2 Study Region	6-15
	2.1 About the States	6
	2.2 Education and Literacy Scenario of the required States	11
	2.3 Situation on Stem in the Study Region	13
	2.4 Benefits for this Study to the Study Region	14
3	3 Methodology: Survey and Data Collection	16-21
	3.1 Survey Questionnaire and Methodology for getting responses	16
	3.2 Methods adopted to approach Women Scientists	18
	3.3 Methodology for collecting other (Secondary) Data	21
	3.4 Problems and Challenges	21
4	4 Analysis	22-59
	4.1 WOMEN SCIENTISTS RESPONSES {No of projects sanctioned, break in career, etc. }	22
5	5 Results And Inferences From Statistical Analysis	60-61
6	6 Suggestions and Strategies	62-65
	6.1 Specific issues raised in the analysis as a part of Suggestions	62
	6.2 Opportunities	63
	6.3 Threats	63
	6.4 Limitations	64
	6.5 Discussion on the strategy which can be adopted for successful implementation by the Stakeholders – Government, Beneficiaries	64
	Conclusion	66
	Research Summary	xix
